## Itinerary

We will depart from Moshi in the morning and travel to the Tarangire National Park where you can marvel at the colossal termite mounds and the ancient baobab trees.

The picturesque scenery and diverse bird-life assist in creating the tranquil ambiance of the Tarangire National Park. The great elephant population is an extremely remarkable sight. African elephants are the largest land mammal and adult males can weigh as much as seven tonnes. Tarangire's varied wildlife includes lions, giraffes, warthogs, ostriches, impalas, cheetah, mongoose, buffaloes, and baboons.
